

# Lechuza®

A perfect home for  
magnificent  
plants

### Clever watering with LECHUZA

- LECHUZA's original sub-irrigation system turns plant care into child's play.
- Never overwater again
- Up to 12 weeks without further watering

The All-in-One Sets already come with the LECHUZA sub-irrigation system.

## How do LECHUZA planters stand above the rest?

Attractive planters are a dime a dozen. But do they also meet your plant's needs? LECHUZA planters do:

### **The sub-irrigation system ensures superb plant growth**

LECHUZA turns plant care into child's play: Simply fill the water reservoir integrated in the bottom of the planter once. Then let LECHUZA tend to your plants for up to 12 weeks \*, without the need for further watering.

### **No waterlogging - even outdoors**

The original LECHUZA sub-irrigation system is suitable both for plants with high water needs as well as for those that require significantly less water, such as succulents (cacti, yucca, etc.). Thanks to an overflow function integrated in the bottom of the planter, LECHUZA provides potted plants with the perfect amount of water – even when used outdoors. When the drain plug is removed, excess rainwater runs off, preventing plants from becoming waterlogged.

### **NEW: The LECHUZA All-in-One Sets**

Now every LECHUZA planter comes complete with the proven LECHUZA sub-irrigation system!

CILINDRO Cottage planter in the All-in-One Set: includes interchangeable plant liner with overflow function and LECHUZA sub-irrigation system.

\* depending on planter size, plant and location.

### High-quality planters, made in Germany

- Stylish design, robust surface
- Shatterproof
- UV-resistant
- Frostproof
- With integrated "rain overflow function" for use outdoors

**Practical:** Organic vegetables receive the care they need even on hot summer days thanks to the 12 liter water reservoir.

TRIO Cottage 30 – tomato plant

#### TRIO plant liners (3 liners)

- Simple precultivation of plants and vegetables
- Practical for overwintering

#### TRIO trellis

- Available as an accessory
- Incl. three adjustable cross braces and 20 plant clips

#### TRIO Cottage 30 – Hedera helix

## \* TRIO Cottage

### Versatile trough planter

The new TRIO trough planter from LECHUZA will inspire you to experiment with new plant ideas on patios and balconies.

TRIO's robust "Cottage" wicker design provides long lasting enjoyment, is UV resistant and extremely durable. And the high-quality polypropylene even stands up to frost without breaking.

The optional TRIO trellis lets you create a green privacy screen in an instant. Magnificent tomatoes and even homegrown gourmet vegetables will feel at home here. The LECHUZA sub-irrigation system's integrated water reservoir reliably cares for your plants in this modern "mini garden", even on sunny days.

## \* BALCONERA Cottage Excellent balcony planter

Awarded for its excellent design, BALCONERA is way ahead of other planters in both form and function: Thanks to the high-quality structured plastic design it is naturally robust and weather resistant. The woven “Cottage” structure gives it Mediterranean flair and a lightness that perfectly complements all outdoor furniture.

Practical accessories make BALCONERA the clear winner: The interchangeable plant liners make it easy to change heavy balcony plants in the pre-mounted planters; the LECHUZA sub-irrigation system takes care of your plants even on hot summer days. And the matching LECHUZA balcony brackets (available separately as accessories): Sturdy, weatherproof and extremely easy to attach to railings or walls – let summer shine in your home!

### Interchangeable plant liner

- Easy to change plants
- Practical for overwintering

BALCONERA Cottage 80 –  
Chrysanthemum indicum

### Super sturdy yet flexible:

LECHUZA balcony brackets, “Made in Germany”: The brackets are made from super sturdy plastic with reinforced steel, are securely screwed to BALCONERA and then “pushed on” to the balcony mounting.

CUBICO Cottage 40 – Begonia betulia

## \* CILINDRO & CUBICO Cottage For plants that thrive

Both column planters in the LECHUZA “Cottage” outdoor line are great in the truest sense of the word and simply unbeatable. With its durable and easy to clean surface finished in four flattering earth tones, this planter line was made for virtually any outdoor use.

This makes CUBICO and CILINDRO Cottage a real alternative to conventional terracotta planters, for example. Whether round or square, small or large, there’s something for every taste here.

CILINDRO Cottage 32 – Lavendel

### Plant liner

All patented LECHUZA plant liners are manufactured in Germany.  
US patent 7,805,886

CILINDRO Cottage 32 – Solanum

CUBICO and CILINDRO Cottage’s robust watertight surface structure is astonishingly natural.

CUBE Cottage 40 – Liriope muscari

**CUBE plant liner**

With recessed carrying handles (patented)

**Coaster**

- Virtually disappears under the planter
- Also available to match CLASSICO 43

CUBE Cottage 40 – Bougainvillea glabra

## \* CUBE Cottage

### The simplicity of existence

The CUBE Cottage's extraordinary design gives the impression of weightlessness despite its remarkable size and enormous planting depth. Together with its elegant, yet robust surface structure this mighty planter gracefully complements any surroundings. CUBE Cottage is both smart and practical: Even when planted, the optional coaster makes moving the planter from one place to another an easy feat on balconies and patios. And thanks to the integrated plant liner, which also conveniently fits in the high CUBICO 40 column planters, you have nearly unlimited freedom in creative outdoor cultivation. What's more, you can easily relocate the plantings into other planters or move them to a warmer location for the winter. LECHUZA – because intelligent solutions make plant care even more fun.

CUBE Cottage 40 – Agave Desmettiana

**CUBICO plant liner**

Patented in Europe, the USA and China

**CUBICO coaster**

Available for CUBICO 30 and 40

**CLASSICO coaster**

Available for CLASSICO 43

**New, interchangeable plant liner**

New: Change plantings easily in CLASSICO color

## \* CUBICO & CLASSICO Color Here come the colors

The Trend Collection's Color line provides you with a full selection (of colors): Four trendy colors, two different shapes (round CLASSICO planters and high CUBICO columns), various sizes and – brand new – the All-in-One-Sets always include an interchangeable plant liner for both planter types: CLASSICO Color even features a color-coordinated frame handle. They leave nothing to be desired.

As always, all Color planters are UV resistant, frostproof and equipped with the practical overflow function for outdoor use and the proven LECHUZA sub-irrigation system. This ensures your plants receive the optimum amount of water outdoors, without becoming waterlogged.

### Attention plant enthusiasts:

All CLASSICO Color planters now available with the patented interchangeable plant liner and color-coordinated frame handle.

# The original LECHUZA sub-irrigation system

The secret to beautiful plants is found inside every LECHUZA planter: The LECHUZA sub-irrigation system.

Whether you are away for a few days, or simply can't find the time in your busy schedule to take care of your plants – LECHUZA's sub-irrigation system takes care of your plants for you for up to 12 weeks (depending on planter size), providing them with the right amount of water and nutrients for optimum growth. The principle is simple: Just fill the LECHUZA water reservoir completely and your plants will “nurture themselves” for up to 12 weeks. And you won't have to water them once.

## The innovative LECHUZA sub-irrigation system

LECHUZA cares for your plants just as nature intended:

- 1 Water level indicator**  
Ensures complete watering control
- 2 Water supply shaft**  
Makes adding water and liquid fertilizer easy
- 3 LECHUZA-PON as a separating layer**  
Perfectly controls the water supply to the plants
- 4 Separator**  
Forms the water reservoir in the bottom of the planter
- 5 Drain plug**  
Is removed to allow excess rainwater to drain when used outdoors.

## The All-in-One concept!

Simply enjoy plants without the stress: Now all LECHUZA Trend Collection planters come with the matching sub-irrigation set and an interchangeable plant liner with overflow function.
